Organizers:

The 22nd North Caspian Regional Atyrau Oil and Gas 2025 Exhibition

OFFICIAL SUPPORT AND PARTNERS:

Ministry of Energy of the Republic of Kazakhstan

Akimat of the Atyrau region

GENERAL PARTNER

GOLDEN PARTNER

SILVER PARTNERS

UNIQUE VISITORS:

2,655

PARTICIPANTS:

97

PARTICIPATING COUNTRIES:

Austria, Germany, Italy, Kazakhstan, China, Netherlands, UAE, Pakistan, Russia, Singapore

B2B meetings

100 meetings with representatives of the procurement and local content department: TCO, NCOC, KPO, Kalamkas-Khazar

SECTIONS OF THE EXHIBITION

- **Automation. Process equipment and services**
- **Corrosion protection and insulation**
- **Well drilling and development**
- **Electrical equipment and services**
- **Design, factory buildings, construction**
- **Geophysical research**
- **Government agencies, trade organizations and professional services**
- **Safety and environmental protection**
- **Service companies and services**
- **Marine equipment and services**
- **Non-destructive testing equipment**
- **Non-destructive testing services**
- **Oil and gas equipment**
- **Oil and gas transportation**
- **Oil company (IOC/NOC)**
- **Oilfield services**
- **Pipelines - construction, technology, maintenance, and repair**
- **Exploration and production**
- **Oil refinery, petrochemical and gas processing plants**
- **Reservoir engineering**
- **IT and telecommunications**
- **Valves and instrumentation**

EXHIBITION PROGRAM

The exhibition included 2 sessions, 3 seminars, 22 speakers from leading companies in the oil and gas industry, expert practitioners, and representatives of the largest industry associations.

- **Plenary session: Prospects and challenges of new projects in the petrochemical industry**
- **Panel session: Further prospects for the implementation of digital solutions in the oil and gas industry**
- **Seminar on procurement from Tengizchevroil**
- **Seminar on procurement from North Caspian Operating Company N.V.**
- **Seminar on procurement from Karachaganak Petroleum Operating B.V.**

Industrial excursions:

- ✓ **Makhambet Industrial and Production Complex (TEXOL Froup of Companies)**
- ✓ **Kazakhstan Petrochemical Industries Inc. LLP**

VISITORS

VISITORS' AREAS OF ACTIVITY

- 18 % Welding and welding works
- 13% Science and Education
- 10 % Engineering, Services, Construction
- 10 % Corrosion protection and insulation equipment
- 9% Exploration and Production
- 5 % Oil and gas equipment
- 5 % Power and electrical equipment and services
- 5 % Oil companies
- 4% Drilling and construction of wells
- 3 % Oil and gas service companies
- 2% Automation, equipment and services for processing
- 2 % Information technologies. Telecommunications
- 2 % Geology, geophysics of oil and gas fields
- 2 % Oil refinery, petrochemical and gas plants
- 2% Oilfield services companies
- 1% Occupational safety, health. Environmental protection
- 1% Non-destructive testing services
- 1% Oil and gas transportation
- 1% Non-destructive testing equipment
- 1 % Oil and gas engineering
- 1% Pipelines - construction, technology, maintenance and repair
- 1% Reservoir engineering
- 1% Valves, regulators

VISITORS

LEVEL OF POSITION HELD

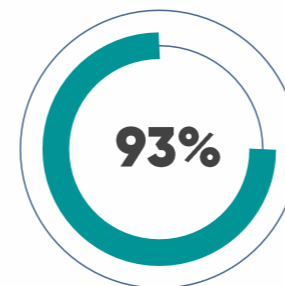

- 26%** Company Director/Owner
- 21%** Deputy Director of the Company
- 16%** Head of Department/Group
- 27%** Manager/Specialist
- 10%** Individual entrepreneur

PARTICIPANTS

REVIEWS FROM PARTICIPANTS

“

We regularly participate in this exhibition. Thanks to the organizers for creating a site where oilfield service companies can exchange opinions and experience, and establish business contacts. All this is quite effective. Now we are presenting here an oilfield service program for cleaning tanks from sludge. Moreover, this is a robotic complex for deep cleaning without people entering the tanks. This is a new generation of safety requirements, work in closed spaces, explosive spaces is always associated with a risk to life. We exclude this factor as such. We are glad to present our equipment here

“

We are exhibiting at the exhibition after a long break. The last time we exhibited was in 2018. Every year we visit this exhibition as visitors, and this year we decided to exhibit our company and our subsidiaries, so we have such a powerful large-scale stand. The organization of the exhibition is at the proper level. We always visit other exhibitions from Iteca, including KIOGE, in other cities. These exhibitions are always relevant - we share opinions, there is an exchange of technologies. We have preliminary agreements on cooperation, because we present new products that have not been in Kazakhstan before us. And this undoubtedly gives some impetus to our further activities.

Maxim Yermolayev
Nitrogen Plant

“

Our company is participating in this exhibition for the first time. I really enjoyed presenting Pakistani products to the Kazakhstan market. I really like this exhibition: the whole event and organization - everything is at the highest level. Over the past two days, we have acquired many contacts, many potential partners. After returning to Pakistan, we will keep in touch with everyone and make agreements. Our products will be in demand in Kazakhstan, we hope to provide high-quality fabrics and ready-made PPE equipment.
