# EXHIBITORS FEEDBACK

“

«This is the second time we are participating in this exhibition. We like your exhibition. We like to participate in it, because after Securex Kazakhstan we always have more and more customers. People are very interested in our stand, because in actual fact our products are not standard and are very relevant today. Therefore, the interest is simply huge, you can see how many people are at the stand. We are planning to participate in the exhibition next year for sure, because we like this site»

**VLADIMIR STREBKOV,  
B-MODUL LLP**

”

“

«The exhibition was quite dynamic. There were a lot of potential customers, a lot of potential partners. There were foreign specialists, and foreign companies. Overall, it was very interesting. This was our first experience of participating in such formats. But I am sure that in the future we will repeat it more than once or twice, because we received a lot of positive impressions, a lot of new insights for developing our business and a lot of new contacts for developing further partnership relations....»

**ASKHAT AKHMADIYEV,  
INOVA TECH**

”

“

«We are participating for the first time. I really liked the organization of the exhibition. Everything is great, friendly, in a cohesive way. The interest in the products is very high. Some agreements on cooperation have already been made with people. Next year I will definitely come if you invite us to visit. We really liked it here, the exhibition was super»
