its INFORMATION TECHNOLOGIES & SECURITY EXPO

Dronex Kazakhstan

EXHIBITION BUSINESS PROGRAMME

21 OCTOBER, WEDNESDAY

Conference Hall, Pavilion 9

I Engineering Forum of Kazakhstan for Designers, Power Engineers and Integrated Security Specialists	
10:30 – 12:30	**STRATEGIC SESSION** **«Security of Kazakhstan's Critical Infrastructure: From Regulatory Framework to Digital Solutions»**
12:30 – 13:30	**LUNCH BREAK**
14:30 – 15:30	**STRATEGIC SESSION** **«Robotics, AI and Automation in the Security System of Industrial Facilities»**
16:00 – 17:00	**INDUSTRY SESSION** **«Fire Safety Engineering Solutions for Critical Facilities: Calculations, Automation and Expert Review Practice»**

22 OCTOBER, WEDNESDAY

Conference Hall, Pavilion 9

11:00 – 13:00	**II DRONEX CONFERENCE** **«Drones for Industry, Safety and Ecology»**
13:00 – 14:00	**LUNCH BREAK**
15:00 – 16:00	***PRIZE DRAW FROM THE ORGANISERS***

*Subject to change and/or addition**

Dronex Kazakhstan

I Engineering Forum of Kazakhstan for Designers, Power Engineers and Integrated Security Specialists

STRATEGIC SESSION

21 OCTOBER, 10:30 - 12:30

Conference Hall, Pavilion 9, 1st floor

«Security of Kazakhstan's Critical Infrastructure: From Regulatory Framework to Digital Solutions»

KEY TOPICS:

- *Regulatory framework of Kazakhstan: construction norms and rules (SN and SP RK), Ministry of Emergency Situations requirements, and challenges in passing expert review*
- *Harmonizing Kazakhstani safety standards with international ones*
- *Kazakhstan's critical infrastructure: security challenges in energy, oil and gas, data centers and airports*
- *Security ecosystem for Data Processing Centers (DPCs)*
- *Integrated facility security systems: video surveillance, access control, security alarms and dispatch control*
- *Digitalization of security systems: BIM, digital twins and intelligent video surveillance*
- *Evolution of firefighter protective clothing standards: from national GOST to new EAEU requirements*

WELCOME REMARKS:

Ruslan Kairakbayev — Acting Deputy Chairman of the Fire Service Committee of the Ministry of Emergency Situations of the Republic of Kazakhstan
Daniyar Zhusupov – Deputy Head of the Almaty City Department of Emergency Situations

MODERATOR:

Almat Zhamankulov – Chief Specialist of AFC, PA KAZGOR

SPEAKERS:

Aslan Bolatkan – Head of the Technical Regulation Division, Almaty City Department of Emergency Situations
Kadisha Bekkulieva – Executive Director of the National Association of Designers of the Republic of Kazakhstan
Anton Sadokhov – Head of the Product Group, LLP «Energo Development»
Alexander Teikovtsev – CEO of «Group triA»
Almazzhan Atambayev - B2B manager TP-Link Kazakhstan

Dronex Kazakhstan

I Engineering Forum of Kazakhstan for Designers, Power Engineers and Integrated Security Specialists

STRATEGIC SESSION

21 OCTOBER, 14:30 - 16:30

Conference Hall, Pavilion 9, 1st floor

«Robotics, AI and Automation in the Security System of Industrial Facilities»

KEY TOPICS:

- *Engineering safety of industrial facilities: design, risk monitoring and prevention of emergency situations*
- *Integrated security systems: video surveillance, access control, security alarms and facility dispatching*
- *Industrial control systems, SCADA and industrial cybersecurity: protecting technological processes and critical systems*
- *Industrial robotics and unmanned technologies: automation of inspections, perimeter security and incident response*
- *AI, IoT and digital twins: predictive diagnostics, early threat detection and decision-making support in security systems*

MODERATOR:

Ruslan Gimazetdinov – Founder, CEO and CTO of HardDev

SPEAKERS:

Anatoly Siroko – Technical Director, IPDROM.KZ
Kuanysh Baltabayev – CEO of “911systems” LLP
Akan Kulzhan – Director of Project Sales, Hikvision Kazakhstan
Zhanibek Eskendir – OT Business Development Manager for the CIS, Fortinet Inc.
Ramina Tokhtakhunova – Head of the Corporate Department, LLP «ZAN PROTECT»
Alexey Ptashkin – Director of Production Management, Zheti Sky Technologies LLP

Dronex Kazakhstan

I Engineering Forum of Kazakhstan for Designers, Power Engineers and Integrated Security Specialists

INDUSTRY SESSION

21 OCTOBER, 16:00–17:00

Conference Hall, Pavilion 9, 1st floor

«Fire Safety Engineering Solutions for Critical Facilities: Calculations, Automation and Expert Review Practice»

KEY TOPICS:

- *Fire risk calculation and fire hazard analysis of facilities*
- *Evacuation calculation and modeling: methods, regulatory requirements and common mistakes*
- *Automatic fire suppression systems: selection, design and operational features*
- *Smoke extraction and building smoke protection systems*
- *Common expert review comments on the fire safety section: how to avoid repeat rejections*
- *Fire safety of critical infrastructure facilities: oil and gas, data centers, airports, transport*

MODERATOR:

Vladislav Dimitrov – Project Manager, LLP «Global Fire Protection»

SPEAKERS:

Konstantin Kanin – Head of the State Fire Control Department, Almaty City Department of Emergency Situations
Aslan Bolatkan – Head of the Technical Regulation Division, Almaty City Department of Emergency Situations
Alexander Gusev – Technical Director, «Egida» Group of Companies
Ruslan Dzhumagaliyev – Scientific Director, LLP «Global Fire Protection»
Zhumazhan Serikkaliyev – Senior Lecturer, Department of «Automation and Robotics», JSC «Almaty Technological University»

Dronex Kazakhstan

II Dronex Conference

22 OCTOBER, 11:00–13:00

Conference Hall, Pavilion 9, 1st floor

«Drones for Industry, Safety and Ecology»

KEY TOPICS:

- *Drones in industrial monitoring and engineering inspections*
- *Regulation and integration of UAVs into security systems: for emergencies, fires and industrial accidents*
- *Environmental and infrastructure monitoring*
- *Practice of UAV use in Kazakhstan*

MODERATOR:

Dmitry Ivanov – Director of LLP «AARDVARK»

SPEAKERS:

Tair Balbayev – CEO, Taharqa Technologies
Stanislav Sokologorsky – Head of Unnmaned aviation&vSaaS products, Beeline Kazakhstan
Nartay Artykbayev – Pre-Sales Engineer, ITEN LLP
Denis Baryshnikov – CEO, BAS Consortium
Ruslan Dzhankurazov – Aleyron company
